

# My Work in The Visitation Center

**1. Setting: A safe, neutral and calm  
place to meet  
Conflict free environment**

**2. Establishing good relations with  
clients (parents)  
Base for helping them function and  
improve their relationships**

**3. Working with problematic parents with high level of personality or character disorders  
Gaining their trust is crucial for enabling their progress**

**4. Coping with uncooperative children who refuse or resist their parents  
Trying to overcome obstacles and parental alienation**

**5. Need for good work relationships with referral sources to promote positive cooperation and work for mutual goals**

**6. Guiding the parents in action and curbing their behavior**

**The purpose is to help strengthen their relations with kids**

**7. Fulfilling Court orders that sometimes contradict our own views and values (must cooperate but also report to social workers)**

**8. Accurate and careful reporting to the referring social workers**

**Need for clear information that give picture and reflects or impressions**

## **9. Developing cultural sensitivity**

**Working with people from different ethnic backgrounds, different religions and from various countries and cultures.**
